

Winter Youth Program

The goal of the Eurocentres Canada Youth Programs (ages 9-16) is to provide quality English language education to international students while ensuring that each student has the opportunity to experience the natural beauty and cultural diversity of Canada in a safe, interactive atmosphere.

Professional and enthusiastic instructors are involved in all aspects of our programs, from designing the curriculum and scheduling activities to the delivery of the program. All students are required to follow our "English Only" policy during school and on all field trips.

Safety

Safety is one of the most important elements in any study abroad experience for youth. Canada is internationally known as one of the safest countries in the world, and this is reflected both in Canadian homes and in the locations where we offer our programs. Our qualified staff ensures a safe and enjoyable time for all of the youth in our programs.

English Classes

Students are provided with quality English instruction focusing on topics of interest to young learners and based on our internationally acclaimed English curriculum. Students have sixteen lessons of English study per week, where they take classes designed to improve their English fluency. Through these lessons, students develop the appropriate communication skills to assist them in a wide variety of English language situations.

Accommodations

Students participating in this program are placed with Canadian families. Our schools each have an Accommodations Coordinator on staff and all families are carefully selected through an interview and home inspection process. Students have their own private room (unless otherwise requested) and receive three well-balanced meals per day (including a bag lunch).

Age Groups

Youth (9-13)

Teen (13-16)

Airport Service & School Transportation

All students participating in this program are met at the airport by school staff and driven to their host families. Students are also driven to the airport on their departure date, and school staff ensure that they are placed in the care of airline personnel. Students are provided with transit tickets for transport to and from school (students under 13 years of age will be accompanied by an adult; there is an additional fee of \$25/day for this service).

Activities

On four weekday afternoons, students take part in a range of recreational, cultural, and sightseeing activities. These activities may include Laser Tag, the Vancouver Aquarium, Robson Street, ice skating, the Vancouver Art Gallery, MetroTown and Science World. One day per week students will have a full-day activity / excursion which may include trips to Whistler Resort, Victoria, Grouse Mountain and Snow tubing at Cypress Mountain.

Winter Youth Program

Youth Program Features

English lessons (16 lessons per week), Homestay accommodations (private room) and 3 well-balanced meals per day (bag lunch)
